

# Asset-Based Lending

Bridge Business Credit, formed in 2002, provides funding solutions to help companies regain financial stability and return to conventional financing as soon as possible. We focus on companies with potential, that are currently unable to secure or maintain bank financing, by tailoring financing packages to suit their immediate needs. As a privately held non-bank, Bridge Business Credit offers the widest and most accessible array of alternative finance solutions throughout the industry.

<b>Credit Lines:</b>	■ \$500,000 to \$6,000,000+
